A Sacred Space in a Busy World

Presence Program

Called in Love, Sent to Serve

**A Two-Year, Part-Time
Spiritual Direction Formation Program**

The journey of a thousand miles begins with just one step.

– Lao Tsu

THE PROGRAM

Presence is an ecumenical, two-year, part-time formation program designed to help participants discern a call to spiritual direction ministry and prepare as spiritual directors. Taking place monthly within a peaceful and nurturing environment, participants come together as a prayerful learning community over an extended period of time. Presence takes a holistic approach to faith development and spiritual growth, and appeals to those who wish to develop their capacity for contemplative listening while also learning valuable skills with which to accompany others on their spiritual journeys.

YEAR ONE: CALLED IN LOVE

This period of time involves taking “a long loving look at the real”¹ by tracing one’s own spiritual history. Our personal narrative can reveal patterns in experiences of both connectedness and loss of connectedness with self, others, and the Divine that have shaped us into the unique persons we are today.

Participants will also explore thematic learning modules involving “life questions” related to spirituality, human-spiritual development, spiritual practice, and how one perceives God (or Divine or Mystery). The topic of “spiritual direction” will be approached historically and experientially so that participants gain familiarity with both theories and skills involved in accompanying people who seek spiritual direction.

Opportunities will be offered for participants to prayerfully consider what it might mean for them to provide spiritual direction in one or several settings.

At the end of Year One, each person will have a better sense of how they

are called in love and sent to serve through diverse vocations. Some

participants will discern a call to the ministry of spiritual direction. These people will continue into Year Two.

Spiritual direction is, in reality, nothing more than a way of leading us to see the real director, the Spirit, hidden in the depths of our soul.

– Thomas Merton

YEAR TWO: SENT TO SERVE

This period of time involves ongoing intentional reflection on one’s history as well as patterns of both connectedness and loss of connectedness with self, others, and the Divine. In addition, thematic learning modules will probe “Spiritual Direction” more deeply, looking at diverse contexts as well as critical edges related to the contemporary spiritual direction movement as both necessary and relevant to a contemplative vision for today’s world. Participants will spend time practicing their spiritual direction skills and competencies both within the learning community and in practicum settings. Personal and group supervision will comprise reflective disciplines for ongoing contemplative practice.

At the end of Year Two, each person will have a better sense of how they are called in love and sent to serve through spiritual direction ministry. A

Certificate of Completion will be awarded.
