

## Edmonton Circles of Support and Accountability

*No More Victims - No One is Disposable*

**Edmonton CoSA strives to reduce the risk of future sexual victimization of any person by providing community-based support to individuals who have recently been released from prison for sexual offences. We rely on volunteers to be apart of circles of support that assist these individuals with positive social supports and personal accountability.**

If you are interested in volunteering or learning more about CoSA, please join us for an information session on February 13th, 2019 at 7pm at St. Faith's Anglican Church 11725 93 St NW, Edmonton, AB T5G 1E2
