

2020 INTERFAITH WORKS PROJECT!

Your hands and hearts can help families find affordable home ownership!

The Interfaith Works Project brings together faith communities to help families find affordable home ownership. Here's how you and/or your faith community can be involved:

- 1 Volunteering.** There will be opportunities to volunteer on our **build site**, and in our **Prefab Shop** and four **ReStores**! We are excited to connect members of different faith communities!
- 2 Providing Lunches.** Sharing lunch is an important part of what we do at Habitat to connect people.
- 3 Donating Items.** The Habitat ReStore is a social enterprise that helps Habitat serve families by selling donated items to the public. Donating items from your church, mosque, temple, or household helps to support Habitat.
