

# It is safe to donate blood and you can help save a life

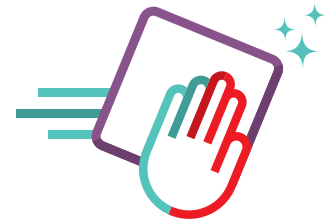

Enhanced wellness measures in our donor centres are in effect

Active **wellness screening** at our building or venue entrances

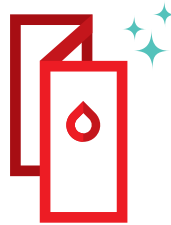

Chairs in sitting and waiting areas are spaced spaced **two metres apart**

**Increased cleaning** frequency of all equipment and surfaces

Donors are seated **six feet apart** from one another while donating

Laminated donor information pamphlets **are wiped down after each use, or discarded** after each use if they are not laminated

**Single-use Ziploc bags** are being used to hold blood donation bags

**Canadian  
Blood  
Services**

BLOOD  
PLASMA  
STEM CELLS  
ORGANS  
& TISSUES

**The need for blood  
remains strong.**
