The focus of the Holy Week Retreat is an “Examination of Consciousness” – to embrace the notion of “metanoia” – a profound, transformative change of mind, heart, and life, to move beyond one’s old way of thinking, to embrace God’s truth, leading to new actions and a transformed life aligned with the Kingdom of God, implying a complete inner renewal and new direction ... to live the graces and Spirit of the Sacrament of Reconciliation. Where love is, God is.
